

3. Partial disablement benefits

“Permanent Partial disablement” is a contingency occurring to the contributor due to an accident occurred or disease contracted after joining the Scheme, as specified below: Loss of sight in one eye.

- Loss or permanent disablement of one hand
- Loss or permanent disablement of one leg

If a contributor becomes permanently and partially disabled before reaching the pension entitlement he can receive a once and for all lump sum gratuity for permanent partial disablement and leave the Scheme or receive only the compensation payable on account of permanent partial disablement, continue to pay quarterly contributions to the Scheme and receive the life time pension when it becomes due.
